## **Preamble**

The Scout Movement is by its very nature an outdoor and adventure organisation and Scouters are encouraged to provide challenging and adventurous activities bearing in mind the capabilities of the participants.

Every day of the year, somewhere in the country, Cubs, Scouts, Rovers, or Adults will be participating in camping, hiking, boating, or similar activities during which injuries may occur. As a responsible organisation, SCOUTS South Africa (SSA) is committed to ensuring that its members are protected, as far as possible, from sustaining injuries and can plan, execute and enjoy their activities in a safe and responsible manner without unnecessary restrictions.

This policy provides responsibility and safety guidelines for all its members and where found to be necessary, includes certain regulations.
