Preamble

SCOUTS South Africa (SSA) as part of the World Scout Movement are a uniformed movement, and as part of the Scout Method, believes in the value of, and the positive image created by, the wearing of a distinctive and recognisable uniform by all of its Members.

This uniform represents a democratic idea of equality, bringing people of different racial, economic, religious, and ethnic backgrounds together in the Scouting tradition. The uniform shows the wearer's activity, responsibility, and achievements. What each youth or adult member has accomplished within Scouting can be recognized by the insignia worn on the uniform.

Acknowledging the socio economic situation of South Africa, a flexible approach to uniform matters is essential to ensure that no current, or future, Youth or Adult Member is forced to leave or will not join Scouting because of the uniform, its costs or availability. In the application of this policy, it is also acknowledged that the "uniformity" within the unit remains an important and valid part of the Scout Method.

The requirement for uniformity will apply to each Unit of a Group – i.e. Pack, Troop, or Crew, and should, where possible, apply across the Group too.

Revision Approval

This revision of the Uniform Policy was approved for publication at the SSA Executive Committee Meeting held on {insert date} by the committee comprising:
{insert Exco members in attendance at meeting}

1. Right and Entitlement to wear Uniform.

The appropriate uniform, badges and insignia as described in this Policy, may be worn by all Members of SCOUTS South Africa (SSA).

Only current members of SCOUTS South Africa, shall be entitled to wear any of the uniforms, badges or insignia of SSA.

Members of SCOUTS SA shall not wear official SSA uniforms outside of the country, except when carrying letters of introduction from SSA or representing the Movement in a recognised International Scouting Event or Activity.

2. Alteration of Uniform, Badges or Insignia

Only the National Scout Exco or Board committees specifically authorized to do so, may alter or add to, the official uniform, badges and insignia or change the rules and regulations governing their use or their placement upon the uniform

3. Local Event Badges and Insignia

The Regional Commissioners are authorised to approve special badges and insignia to be worn for particular purposes such as regional events, provided these are in harmony with national branding and Marketing Policies. Special badges or insignia are not permitted to replace or substitute for any national badges or insignia.

Any usage of the Scouting Brand on such badges or insignia should first be approved by the National Marketing Committee by the submission of a design of the proposed badge or insignia. The National Marketing committee may require alterations to design to ensure compliance with the SSA brand licences from WOSM.

4. Safety and Cultural Considerations

In respect of the form of dress to be worn in running any Scout Activities, the primary priority is the consideration of the safety of the members. Weather and other conditions must be taken into account. The well-being of Members takes precedence over formality of dress.

When cultural requirements or religious needs require, members of recognised faith communities may wear appropriate clothing of a style and fashion in accordance with their beliefs as part of their Scout uniform.

5. Sourcing of Uniform, Badges and Awards

Uniform, Badges (standard, advancement programme and interest) and Awards may only be procured by the Regional Scout Shops from either SSA National office or SSA approved suppliers. Members are only allowed to procure these items from SSA National office, the online shop, or the regional Scout shop or other SSA approved vendor.

Badges of rank for Warranted Scouters and holders of Designated rank or Honorary rank are only available from National and Regional Offices after the appropriate authority (Warrant, Certificate etc.) has been granted.

6. Uniform Options

The uniform worn by all members should be as described below, and all items of uniform should, as far as reasonably possible, be identical within all Units of the Group – i.e. Pack, Troop, or Crew.

The Scout Group shall have the option to select the most appropriate form of uniform, given their unique and individual circumstances, from the options listed below.

The following items of uniform are common to all options and must be worn as specified, by all members of SSA:

- Scout Scarf – either as a Group scarf / Regional scarf / National scarf / Gilwell scarf / Activity scarf
- World Scout Badge – worn or embroidered on the shirt

There is no requirement that all participants in District, Regional or National activities wear the same uniform, and no member may be excluded from any such activity on the basis of their selection of uniform option.

It is strongly recommended, but not required, that participants in international activities or World Jamborees will wear the uniform option which has been selected for the activity.
