Cape2Rio 2020 – Expression of Interest

All expression forms are to be emailed to jmlrotaryscout@gmail.com by

15 September 2019

JML Rotary Scout intends to compete in the 2020 Cape2Rio Race.

The Cape2Rio Race is one of South Africa's premier offshore sailing events from Cape Town, South Africa to Rio de Janeiro, Brazil. It covers approximately 3600 nautical miles and will depart on 4 January 2020.

Race crew are expected to fly back to Cape Town in the week of 2 February 2020.

All Scouts who will be between the ages of 16-17 at the start of the race are invited to apply to crew on this adventure of a lifetime.

All other members of SCOUTS South Africa and members of the public are invited to apply as return crew for the journey back to Cape Town. This potentially includes a stopover at Tristan da Cunha, one of the world's most remote islands!

The race crew eligibility requirements are:

1. Be a registered Scout between the ages of 16 and 17. Young scouters may apply but preference will be given to Scouts.
2. Hold a Helmsman Badge and have suitable sailing experience.

3. Be available for crew training in Cape Town from 22-23 November 2019 and from 6-8 December 2019.

4. Have a valid passport or be able to obtain one by 15 November.

If more than six applications are received, we will be hosting sea trials in Cape Town from 22-24 September 2019 (this is during school holiday). Prospective applicants should ideally be able to make this, but all applications will still be considered.

The expected cost is as follows:

1. Race Crew = R12 000 per scout + return flight (expected to be between R10 000 – R12 000)

2. Return Crew = R20 000 + flight to Rio de Janeiro

Scouts who compete in the race and crew on the return journey will receive a preferential rate for the return leg (expected to be about R12 000).

Please note that completing this expression of interest form does not compel you to accept a position or pay any fees.

Any queries should be sent to jmlrotaryscout@gmail.com
